Part number	26 99 200 0000 01
Specification	MICA Device Management
HARTING eCatalogue	https://b2b.harting.com/2699200000001

Identification

Series	HARTING IIC MICA
Element	Device management license key
Features	<ul style="list-style-type: none"> Automated and manual discovery of MICA[®] devices Display of system and state information Drag-and-drop grouping of devices Group operations using device profiles Starting and stopping apps on remote MICA[®]s Remote configuration Installation, update and deletion of containers Automatic onboarding of newly installed devices Self-contained and runs on MICA[®] No client installation required Secure communication over MQTTs

Commercial data

Packaging size	1
Country of origin	Germany
European customs tariff number	85176200
eCl@ss	90909090 Interim classification (unspecified)

Remark

MICA[®] device management lets deploy, maintain, and manage up to 50 MICA[®] edge computers and RF-R3x0 RFID readers from a single MICA[®].

Using a modern web based interface and open source technologies like MQTT and PostgreSQL, MICA[®] device management is quick and intuitive to use.

MICA[®] device management runs on a single MICA[®] and does not require server or client installations.
